

# **Senior Ads**

My name is Lexi Russell and I am the business manager for our Yearbook Staff! I would love to be a part of creating your advertisement. In regards to creating the advertisement, there are two options that are available for you. Your first option allows you to create and pay for the advertisement online. This allows you to digitally create and design the advertisement yourself. However, your design is limited because the templates are simplified and not as personalized.

Your second option, which I recommend, is sending the images and text that you desire, over phone number or email, to be on the advertisement. This allows me to design and create a template for you that can be altered to your preference. We can schedule a time to meet to discuss your payment options, as well as the actual size of the ad. The last option would be scheduling a time to meet in order to create and design the advertisement together.

This option would also be beneficial if you have a flash drive, CD, or physical pictures that can be scanned and copied onto the advertisement.

"The best kind of people are ones that come into your life,  
and make you see the sun where you once saw the clouds.  
The people that believe in you so much, you start to believe  
in yourself. The people that love you, simply for being you.  
The once in a lifetime kind of people."

# Sydney Cullen

*My daughter, Sydney Cullen, she is amazing. She is more a lover than a fighter. If you push her too hard, uh oh! She is beautiful on the inside and out. A great daughter, sibling, and of course, a friend. Battling health conditions and taking it with total bravery and strength. She might work to fight world hunger, end senselessness, and I just love how she loves all.*

*Love,  
Mom, Randy, Savannah, Nana and  
Papa*
